REGISTRATION ON SATURDAY

Voters Not Now on Books Must Get Busy Then

Saturday is registration day. The boards will be in session in each of the thirteen precincts of Calumet township from 9 a. m. to 12 m. and from 1 to 5 p. m. All qualified electors who have not before registered, or who have moved from one precinct to another since the last general election will be required to re-register if they desire to vote, but voters already registered and who have not moved out of the precinct will not need to re-register, the laws requiring a re-registration this year applying only to cities, as explained in the letter received by Township Clerk George Martin from the assistant attorney general of the state and which was published in The News a few weeks ago.

Registration should not be confused with enrollment for a primary election, however. They are two distinct phases of elections and separate books are maintained for the enrollment and registration of names in each precinct.

THE BEST COAL IN THE WORLD

is mined by Uncle Sam, and we have about the choicest output of his digging energy. Our success in the coal business rests largely, of course, on the quality of the fuel supplied by our yard, but coal cleanliness—proper screening—prompt delivery and courteous attention have much to do with it, too. Needs not to say that we would like to have your orders.
